June 24, 2019

Dear parent/guardian:

The purpose of this letter is to inform you of immunization requirements that will impact rising 7th grade students. Students entering 7th grade are now required to have one dose of Tdap (tetanus, diphtheria, pertussis) vaccine and one dose of meningococcal conjugate vaccine for individuals who have not already received those vaccines.

Please contact your health care provider or local health department if your child needs these vaccines. For additional information about the vaccines and the diseases they protect against visit the Centers for Disease Control and Prevention's website at www.cdc.gov/vaccines/who/teens/index.html

You have 30 calendar days from the first day of school to provide the required up-to-date immunization record for your child. If proof of vaccination is not provided by the end of the 30 calendar day period, your child will be suspended from school until they provide proof of immunization as required by law.

Please remember you will need to provide proof of immunization (i.e., Certificate of Immunization or shot record) to Mrs. Modlin before Thursday, September 5th, 2019.

If you have any questions, please contact Maren Modlin at mmodlin@beargrasscharter.org.

Sincerely,

Maren Modlin
