

Dear Parents,

BGCS is planning an after school tutoring program beginning March 1 and running through April 29th in the areas of Math, Reading/English, Science, Social Studies/History and SEL/Social Emotional Learning. The last 15-20 minutes may be utilized to assist students with homework help. This will be determined by the teacher. This program is organized to assist students who may have needs for additional support due to the impact of Covid-19. (Remote learning issues, low grades, loss of learning, missing work, etc) All students who are attending in-person learning during an A or B week schedule are able to participate on campus. Students may be set up on an alternating schedule among the subject areas of need. We feel the extra support during tutoring will be very beneficial to your child. Tutoring sessions will be scheduled Monday-Thursday from 3:00-4:00. Monday & Tuesday will be reserved for middle school student tutoring. Wednesday & Thursday will be reserved for high school tutoring. We also plan on offering virtual sessions by appointment. Transportation will **not** be provided. In order to maintain social distance guidelines, students will only be able to attend on the week they are scheduled for in-person learning. Lastly, for your child's safety we kindly ask that you please ensure that your child will be picked up by 4:00 through the traffic line/pick up area between the buildings. Any student who is disruptive will lose their slot in the program. We greatly appreciate your willingness in allowing us to support your children with their learning needs.

\*\*\*Please go onto the following link and fill out the form if you are interested in your child participating no later than February 24, 2021.
